Fax ALL 'Customer Order Forms' (front page) to Marsha Moore @ 850.877.8618 EACH DAY.

- Make sure that (1) ALL information in upper left section of the order form is complete & legible.
(2) Each kid's "Sub-group" (period, class, team, etc.) is noted in "Classroom" space.
(3) Information is "DARKENED". (Pencil, blue ink, etc., does not fax clearly.)

FYI: How we will respond to all your faxed "Late Orders".

1. IF your late order is received *before we begin printing* the "paperwork" used for packing your order we will integrate those students orders into the "original" paperwork IF you write the "sub-group" (if any) in the "Classroom" box on the Order Form. That order will be treated as if we received it with your "main order".
2. IF your late order is received *after* we have printed your 'paperwork' but *before our warehouse receives* your orders for packing and shipping, these late orders will be delivered with your 'main order' as a 'bulk' delivery. A form titled "Regarding your Late Orders" will be included in the 'flap' of your "Fundraising Management System" (notebook). This outlines how to manage these late orders.
3. IF your late order is received AFTER we have submitted your order we will NOT be able to include these very late orders in your main shipment. You have Two (2) choices for dealing with them. (1) Have them shipped ASAP. Cost is 60% of 'retail' plus actual shipping (usually UPS) charges. OR (2) "Hold" these until your products are delivered. Wait up to 7 days to discover if you have other "needs". Then submit ONE "Final Order" for ALL your 'needs' within one week of the delivery of your products. We will have all these items shipped fast and invoice you at the costs listed above.

FYI What happens next? Your friends at Wholesale Fundraisers & Profits Unlimited will carefully do all your paperwork for you including entering each students order into our sophisticated, computerized "Fundraising Management Program". We have "customized" this for your unique 'situation' and wishes. Our famous "Notebook" (management system) will be mailed to you soon. This will show your successful "Results". We have also included much additional information including detailed instructions (1st page) for managing the remainder of your campaign to get it finished fast. Each students Order Form, along with a detailed computer-generated list of all products needed to fill their orders will be rushed to our partners warehouse and packing plant in East Texas. There each students order will be individually packed in boxes or bags, with their Order Forms included, individually labeled, and shipped to your location by our #1 truck line. We will communicate your projected delivery date in advance and work cooperatively with you to make arrangements for an efficient delivery and the smooth completion of your fundraiser.
